The Register's Spares Service

We aim to provide a service that will help members keep their Morris in good fettle and suitable for safe and enjoyable motoring.

The Shop is run by Lindsay and David Smith in their own free time. They are not equipped to go into detailed discussions with members as to which is the correct part for their car. The information given in the descriptions in this shop should be sufficient to identify the parts you need.

If you are not sure what the correct part is, then please put a request for help onto the Forum.

VAT will automatically be charged **ONLY** if spares are despatched to **EU countries**. The website will work this out based on shipping destination. This list includes prices with VAT.

Shipping is at fixed cost; currently £3.99 for the UK £5.99 Rest of Europe £6.99 Rest of the world £12.99. The website will work this out based on shipping destination

New products are frequently being added, check the "new products" category on the website.

About

We aim to provide a service that will help members keep their Morris in good fettle and suitable for safe and enjoyable motoring.

The Spares Service is run by volunteers in their own free time. We may not always be available to go into discussions with members. Online ordering massively reduces the time the clubs volunteer's spend supporting this service, and we appreciate members using it.

If you are unsure about the correct part required, then please put a request for help onto the Clubs Forum. There will always be members online who will be able to share their knowledge with you. The online shop also has many help charts to assist with identifying the correct parts.

If you are a manufacturer or supplier who could supply us with current or new products, or have some NOS that you wish to dispose of please contact us.
